Project Proposal Writing

We handle the entire process of submitting your proposal to the European Commission, including conceptualization, project structuring, and formulation:

Concept Development:

- ◆ Analysing the call and crafting the project concept and structure, detailing tasks, timelines, partner roles, and project costs
- ◆ Organizing and facilitating workshops to develop the concept
- ◆ Identifying, approaching, and engaging potential project partners

Proposal Formulation:

- ◆ Crafting all proposal sections in English, aligned with the European Commission's objectives and quality criteria
- ◆ Conducting critical reviews and proofreading
- ◆ Providing linguistic consultation
- ◆ Professional visualization of graphs and tables
- ◆ Gathering general participant information and budget details
- ◆ Ensuring timely submission of the proposal

Project Implementation

Once your project is approved, we provide support throughout the implementation phase:

Administrative Project Coordination:

- ◆ Handling project administration and financial management
- ◆ Coordinating the reporting process
- ◆ Organising regular project meetings and internal communication

Communication and Dissemination:

- ◆ Developing communication, dissemination and stakeholder engagement strategies
- ◆ Organising and hosting events, workshops, web seminars, site visits and final events
- ◆ Creating project communication and dissemination materials (website, flyers, blogs, social media, etc)

Exploitation of Project Results:

- ◆ Conducting market assessments and developing business models and plans
- ◆ Performing thorough technology watch
- ◆ Managing intellectual property rights
- ◆ Devising exploitation strategies for key project results
- ◆ Facilitating connections with strategic partners and investors through our extensive network
