

## Chem-Match: Corporates meet Startups 2022 "Green & Digital"

Hybrid Matchmaking Event to initiate collaboration  
between the chemical industry and international startups

Registration & Infos: <https://chem-match2022.b2match.io>

6 Oct 2022 Matchmaking Event @ CIEX Europe Conference 2022 (onsite + online)  
7 Oct 2022 Matchmaking Event (online)

The chemical industry faces diverse challenges these days. Issues like digitisation, process improvements, ecological and social responsibility, supply chains and energy crisis shape a new operation setting for companies. The pressure to innovate is high, while the time needed remains an obstacle.

**Chem-Match: Corporates meet Startups 2022 "Green & Digital" brings impetus to the chemical open innovation in terms of sustainable and digital transformation. We match corporates with startups from the fields of chemistry, biotechnology, bioelectronics, environment, sustainability, digital process management and digital innovation.**

Hessen Trade & Invest with the Enterprise Europe Network and the project partners CIEX Europe Conference, 5-HT Digital Hub Chemistry & Health, International Sustainable Chemistry Collaborative Centre (ISC3), Infraserv at Industry Park Höchst and the European IP Helpdesk offer this **special event format for meeting and discussing about corporate – startup collaboration.**

Chemical corporates use this format to

- [meet innovative startups](#) during the matchmaking event on 6 and 7 October
- join the [top-class conference programme](#) at CIEX Europe 2022 conference in Frankfurt/Main and online
- [source new ideas](#) and [innovative approaches](#)

Startups and Scaleups get the opportunity to
